

Mark and Connie Bond
OneGenAway

Mark and Connie Bond have volunteered with OneGenAway for several years. They play a huge roll at our Saturday morning food distributions. They arrive ready to serve, no matter the weather, by jumping in where they see a need. From filling trunks with a grocery cart full of food to helping in traffic. They both are a great asset to OneGen and make a great impact in what we do. In addition to serving at our Saturday mobile food distributions they help, as needed, in our warehouse boxing emergency food boxes and even installing equipment. Together they have given hundreds of hours of their time and energy to OneGen. We are not the only organization they volunteer with so we are grateful for their time. They are both always willing to serve and make an impact in our community. We are so thankful for the Bonds!
