

Myriam Farias is an 8th grade student at Poplar Grove Middle School. A member of the BETA club, after school choir and Best Buddies, she maintains excellent grades and school involvement while volunteering 2-3 afternoons per week at Path United. Path United is a non profit after school program that meets in Franklin Estates, a mobile home community in downtown Franklin. As a participant of Path United as well, she understands the value of the program and can uniquely understand the students we serve. Myriam volunteers with students kindergarten through 3rd grade. She helps with homework, encourages the students, invests in them and reads with them.

Myriam began volunteering with Path United in 2020 as a 7th grader stepping into the role when our need for volunteers was at its greatest. She has remained a steady and loyal volunteer and the kids have come to love and look up to her. Myriam's positive attitude and hard working nature are unmatched. We are thankful to have her and the kids are blessed by her presence.
